**INSTRUCTOR FEEDBACK - DIAGNOSTICS**

**Organization / Clarity**  
Class curriculum was relatively organized, but <sup>also</sup> stayed organized throughout the term despite the numerous snow days.

**Instructor Enthusiasm**

**Group Interaction** Opportunities for extra credit are a great incentive to do something a little intimidating (like board problems)

**Individual Rapport**

**Breadth of Coverage**

**Examinations / Grading**  
Tests were fair, and grading was fair as well.  
Quizzes every week were a nice choice, as each quiz was only 1-2 questions.

**Assignments / Readings**  
Worksheets + on-paper homework were helpful, but online homework seemed like a waste of time.

**Workload / Difficulty**

**SUMMARY EVALUATION, Overall comments on the course, your learning, and the instructor's teaching.**  
I came in w/ prior knowledge (via a previous calc class in high school), but this class was a wonderful and in-depth review 😊

Additional comments you would like to convey to your instructor:

I'm very fortunate to have had you as my calc 1 teacher. I was dreading taking this class, and even though most of the students in our class were "bro's" (they were annoying and I hated most everyone) I still enjoyed your instruction of the course.
