Individual Report for: Nguyen Truc Dao Nguyen - STA_1020_2006_003 Elementary Statistics
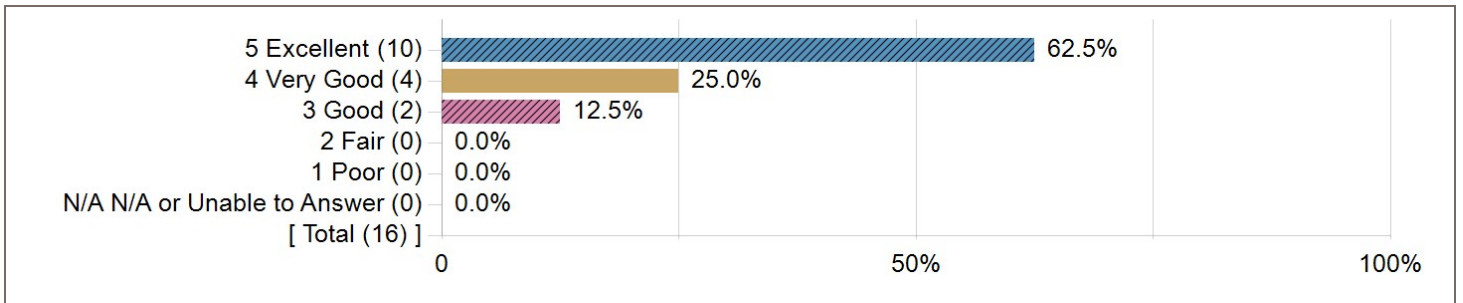

Report Comments

The individual report was designed to help faculty understand their performance from a summative and developmental perspective. The three bargaining items summarize performance in a course during a given semester. The remaining items help an instructor grow as a professional and understand how student interest in the subject matter influences their evaluation. Research indicates that higher response rates are related to more accurate ratings (Nulty, 2008).
